About Us

RK Foam House Pvt. Ltd. is a leading Dealer and supplier of refreshed lounge mattresses. "A mattress can impact a person's sleep. Go On For refreshed lounge to refresh your mood and to refresh your sleep. One way that your mattress affects your sleep has to do with the network of fine blood vessels, called capillaries, that runs underneath your skin. When you lie on any part of your body for an extended period of time, the weight of it reduces the flow of blood. In This Refreshed lounge is beyond the expectation. When we sell it, the world awaits. We spend about a third of every day in bed. Whether that time is spent blissfully slumbering or tossing and turning depends a lot on your mattress.
